The Best International Liberal Arts and Transformative Education in Thailand

Mahidol University International College (MUIC) offers liberal arts-oriented academic programs and transformative educational experience, preparing students to be successful professionals and responsible global citizens.

Through activities "Key Learning Experience"
Experience the World
Build your Future
Be a Global Citizen

Experience the World: Through Study Abroad Programs (Inbound, Outbound)

MUIC has 114 MOUs with partner universities around the world. International students comprise 15% of the student population, ensuring a diverse and international atmosphere of learning. Our outbound student exchange program offers opportunities to study in leading universities in the US, Europe, Latin America, Oceania, and Asia. We also offer minors in six languages (French, Spanish, German, Mandarin, Japanese, and Thai).

Build your Future:

Through Internships abroad, summer programs

MUIC's degree programs have an internationally-focused curriculum, and English is the medium of instruction. Foreign faculty members comprise 50% of the teaching staff, with the majority actively engaged in research work. MUIC students further hone their skills through internships in domestic and international sites. Graduating classes also receive support through career advice services, job fairs, and an active alumni network.

Be a Global Citizen:

By participating in CSR, USR Activities

MUIC is strongly committed to training its students to become responsible global citizens. The college achieves this through an intensive focus on social responsibility, orienting students to their role in society, and mobilizing them to do their share through charity and volunteer projects.
